PROJECTS

Online Food Delivery Website
Frontend Development Project

Tasks

- Developed a fully responsive user interface using **HTML, CSS, JavaScript, and React**.
- Built reusable **React components**
- Used **React Hooks (useState, useEffect)** for state management and dynamic UI updates.
- Designed mobile-friendly pages ensuring **100% responsiveness** across devices.
- Improved performance by organizing components and using optimized rendering techniques.

Portfolio Website
Frontend Portfolio Project

Tasks

- Created a clean, responsive portfolio website with interactive UI to present my projects and experience.
